About ICARE

Inyo/Mono County Animal Resources and Education (ICARE) is a local 501(c)3 nonprofit organization founded in 1996. We receive **no government funding and have no paid employees**. Your donations go directly to the animal welfare programs described under Programs below.

- 🐾 ICARE is dedicated to the welfare of the Eastern Sierra's companion animals;
- 🐾 ICARE provides low-cost dog and cat spay/neuter surgeries for pet owners in financial need;
- 🐾 ICARE promotes adoptions from our local animal shelter through adoption specials; and
- 🐾 ICARE increases public awareness of the pet overpopulation crisis and other animal welfare issues through our web site and social media.

Programs

Low-Cost Spay/Neuter Assistance prevents the birth of unwanted litters. ICARE, in cooperation with local veterinarians, provides financial assistance for Inyo and Mono County pet owners who would otherwise be unable to afford vital **spay and neuter surgeries** for their pets (**\$785,000 spent on 17,000 cats and dogs since 1997**). ICARE also pays the cost of spaying/neutering *all Inyo County Shelter animals*, which makes the cost of adoption more affordable.

Stitch Fund - The ICARE "Stitch Fund" was established in 2002 to provide lifesaving veterinary care for ill or injured Inyo County Shelter animals, so they can recover and be placed up for adoption. To date, **\$142,000 has been spent saving the lives of 314 special needs Shelter animals**.

Adoption Specials - ICARE pays the cost of adopters' spay/neuter deposits bringing the adoption cost to just \$10. In the past 23 years, we have funded **\$45,000 in adoption sponsorship fees**.

Accomplishments

♥ **New Animal Shelter** - Since 1997, ICARE has provided hundreds of volunteer hours and spent thousands on improvements to the **old** Inyo County Animal Shelter in Big Pine. In 2015, **ICARE raised \$420,000 to build Inyo County's NEW Animal Shelter!** What a blessing this is to our homeless cats and dogs, as well as the hard-working Shelter staff who care for them while they await adoption.

♥ **Shelter Impounds** - Inyo County Animal Shelter **impounds** (strays and owner turn-ins) **have decreased 46%** (from 1,164 in 1995 to 627 in 2025). In the past 29 years ICARE's spay/neuter program has prevented the birth of thousands of kittens and puppies, which equals fewer and fewer cats, kittens, dogs and puppies ending up at the Animal Shelter each year.

♥ **Shelter Adoptions** at the Inyo County Animal Shelter have **increased an incredible 457%** (from 82 in 1996 to 375 in 2025). Adoption promotion, as well as the ICARE Stitch Fund helping special needs Shelter pets become adoptable, has all contributed to this success story.

♥ **Saving Lives** - Most importantly, as a direct result of ICARE's animal welfare programs, **the number of cats and dogs euthanized** at the Inyo County Animal Shelter **has dropped an amazing 97%** (from 1,784 in 1995 to 53 in 2025). We know one is too many, but together we are getting closer to that goal every day.

If you'd like to be part of our success story, your donations make a difference for pets in need. ☺
